

Communication for CSS Suppliers

Correction to Team Leidos Supplier Manual V3

All CSS suppliers who deliver to Team Leidos warehouses are to note that the picture contained in Appendix F – Wingless one tonne pallet specification – is incorrect as this is of a 2 way entry wingless pallet not a 4 way entry wingless pallet. All other information in Appendix F is correct as is all other pallet information contained within the Supplier Manual.

The correct picture is below and this will be corrected in the next version to be published.
