Correction to Team Leidos Supplier Manual V3

All CSS suppliers who deliver to Team Leidos warehouses are to note that the Code 28 Barcode picture contained in Appendix E – Barcode Specifications – is incorrect as there should be no dashes in the NSN Number.

Please make sure your labels (both eye readable and barcodes) do not contain dashes or they will be received as non-conforming.

All other information in Appendix E is correct and this will be corrected in the next version of the Team Leidos Supplier Manual.
